Regarding your October 8, 1997, comments to the Draft Water Quality Component Report, we are willing to consider the change in terminology from "Urban" to "Drinking Water" as you suggested. However, because others may have a differing opinion, we think it would be best to first raise the issue before the Water Quality Technical Group. Please accept this invitation to the December 3, 1997, Water Quality Technical Group meeting to propose this change. Should you have any questions or concerns, please feel free to call me at (916) 921-3546. Thank you.
